## **I. INTRODUCTION**

Center for Workforce Inclusion (Center) is issuing a Request for Proposal (RFP) to seek qualified public or non-profit organization(s) for the provision of Senior Community Service Employment Program (SCSEP) services through a subgrant with the Center. Through this RFP, a qualified service provider will be identified and selected to assist SCSEP-eligible residents in Mecklenburg and Union Counties in North Carolina, to foster individual economic self-sufficiency and promote useful part-time opportunities in community service assignments. Those eligible for the SCSEP program are unemployed, low-income persons who are 55 years of age or older. The subgrant award is for twelve (12) months starting July 1, 2022 and ending on June 30, 2023. There will be opportunities for renewal. SCSEP funds are contingent upon the availability of federal funds.

### **A. About the Center for Workforce Inclusion, Inc.**

The Center for Workforce Inclusion (Center) is committed to providing economic security through employment and upskilling opportunities for low-income and other disadvantaged older adults. We believe in the power of work to transform a person's life.

For almost 60 years, we have operated the SCSEP, our largest program. We also operate other programs for older workers. Headquartered in Silver Spring, Md., near Washington, D.C., we are a 501(c)(3) non-profit organization. For more information on the Center, please see our website at <https://www.centerforworkforceinclusion.org/>.

### **B. Our Network of Local Subgrantees**

Since the U.S. Department of Labor (DOL) awarded the Center its first grant in 1968, we have operated the program through local subgrantees. Through our 60 subgrantees, over 4,000 disadvantaged seniors will serve their communities in 443 counties spread over 12 states.

We work with a diverse network of subgrantees, including:

- 20 area agencies on aging
- 11 workforce organizations
- 11 regional councils of government
- Five community action agencies
- Five faith-based organizations
- Two community colleges

### **C. What We Believe**

Programs like Social Security have greatly reduced—but not eliminated—poverty among our nation’s older adults. The majority of aging baby boomers are healthier, wealthier, and more educated than their parents’ generation. Yet the number of older adults 55 and older who are at or just above the federal poverty level is growing faster than the total older population. Reversing this trend will not be easy or quick.

We believe that low-income older adults can—and must—participate in efforts to reduce poverty. Too often, we overlook their knowledge, wisdom, and abilities, especially if they are women, have less education or fewer advantages, belong to a racial or language minority, or live in a rural community. Targeting opportunities and resources that enable low-income older adults to serve their community is a sound public investment that produces multiple returns.

As a national organization, we also believe that we can best achieve our mission by strengthening the capacity of local subgrantees through genuine, lasting partnerships. We make long-term investments in local organizations with proven track records and extensive networks in their communities. Seventy-five percent (75%) our partners have received funding from the Center for 10 years or more with average subgrantee tenure being 29 years. We rely on our network of local partners to know best what’s needed and what works in their counties, neighborhoods and municipalities.

We have deepened our commitment to these principles after five decades of working with over 300 local organizations that have enabled hundreds of thousands of low-income older adults to serve their community through SCSEP.

## **II. REQUEST FOR PROPOSAL**

The Center is seeking a qualified public or nonprofit agency (referred to as “Subgrantee”) to administer SCSEP, Title V of the Older Americans Act. SCSEP is the only federally sponsored employment and training program targeted specifically to low-income older individuals who want to enter or re-enter the workforce. Program participants receive work experience at local public or non-profit agencies and are paid the higher of the Federal, State, or local minimum wage, or the prevailing wage for similar employment, for approximately 20 hours per week while in community service and other job training. The goals of the program are to promote useful opportunities in community service job training and to move SCSEP participants into unsubsidized employment, where appropriate.

## **III. ROLES AND RESPONSIBILITIES**

The Center and its subgrantees work in partnership to ensure the best outcomes for each participant and the overall program. The following provide a brief overview of roles and responsibilities of the subgrantee and the Center.

---

**Subgrantee.** Key among their responsibilities, subgrantees recruit SCSEP-eligible individuals, assist them in gaining the skills and confidence necessary to secure unsubsidized employment, provide training, especially community service assignments for the number of participants specified in the sponsor agreement, facilitate their unsubsidized employment and promote their retention in those jobs. To accomplish this, subgrantees take the following steps:

- Meet all performance goals outlined in their Sponsor Agreement;
- For 49 authorized positions, employ one full-time project staff (a project director or project coordinator) and provide other personnel necessary for the direction, programmatic and financial administration, and supervision of the SCSEP program;
- Recruit and select eligible participants for enrollment in SCSEP;
- Select host agencies;
- Promote linkages and partnerships with local employers and public workforce providers; and
- Comply with SCSEP policies, procedures, and related requirements, such as using the DOL database for SCSEP (SPARQ), as well as the Center’s Webtools and forms to inform the Center about performance measure data and other information necessary for the program; and
- Use our case management method, specifically the assessment and Individual Employment Plan (IEPs) to guide all program services, including appropriate community service assignments, additional training, job development and placement assistance and supportive services.

**The Center.** The Center SCSEP staff supports every subgrantee by:

- Providing guidance, training, and coaching on program planning and performance, program expenditures, data collection, and SCSEP and the Center policy;
- Providing technical assistance on the Center’s person-centered approach to IEPs, community service assignments, and unsubsidized placements;
- Monitoring program performance and operations;
- Ensuring quality data, training and supporting subgrantees’ data entry staff, and using Webtools and reports; and
- Assisting on cost reporting and other fiscal matters.

## IV. FUNDING

Subgrantees' SCSEP budgets are formula-funded based on the number of authorized positions. Each budget has four (4) line items:

1. **Participant Wages and Fringe Benefits (PWFB)**, which are dedicated funds for the wages and fringe benefits for the time that participants spend in approved program activities (e.g., orientation, community service assignment, orientation, other permissible training). Participant wages are based on the higher of the Federal, State, or local minimum wage or the comparable wage for similar employment. Subgrantees must spend 100% of the PWFB funds provided in the subgrant. Generally, subgrantees pay participants' wages every two weeks.

SCSEP regulations list required fringe benefits as: the offer of an annual physical examination; workers' compensation coverage; compensation for scheduled work on Federal holidays; and necessary sick leave. Unemployment compensation coverage is not required for SCSEP participants by North Carolina state law and therefore not applicable. Fringe benefits prohibited by SCSEP regulations include contributions to retirement plans, annual leave, bonuses, or any carryover of benefits from one program year to the next.

2. **Administrative Costs (ADM)**, which are the costs associated with:
  - Performing overall general administrative and coordination functions, including:
    - Accounting, budgeting, financial and cash management functions;
    - Procurement and purchasing functions;
    - Property management functions;
    - Personnel management functions;
    - Payroll functions;
    - Coordinating the resolution of findings arising from audits, reviews, investigations, and incident reports;
    - Audit functions;
    - General legal services functions; and
    - Developing systems and procedures, including information system, required for these administrative functions.
  - Oversight and monitoring responsibilities related to administrative functions.
  - Costs of goods and services.
3. **Other Program Costs (OPC)**, which include, but are not limited to, the costs of the following functions:
  - PWFB, consisting of wages paid and fringe benefits provided to participants for hours of community service assignments;
  - Outreach, recruitment, and selection, intake, orientation, assessment, and preparation of IEPs;
  - Participant training provided on the job, in a classroom setting or utilizing other appropriate arrangements, consisting of reasonable costs of classroom space, training supplies, materials, equipment and tuition;

- Job placement assistance, including job development and job search assistance, job fairs, job clubs, and job referrals; and
- Participant supportive services.

**4. Non-Federal Share of Costs (Non-Federal).** Subgrantees provide at least a 13 percent non-Federal contribution to SCSEP. As part of submitting this application, the subgrantee agrees to this voluntary commitment, which must be from non-Federal sources.

Non-federal costs can be broken down into three categories:

- Cash component is monies from non-federal sources that sponsor expends in support of the program. This might include, but is not limited to, the project directors’ salary and fringe benefits, the cost of general liability insurance and rent paid for either the premises or meeting rooms, if paid in cash.
- Indirect is the amount of overhead paid by the sponsor and distributed based on an approved distribution plan.
- In-kind costs are the value of non-cash goods and services that directly benefit the program. In-kind costs can come from host agencies, the subgrantee and the local community. In-kind costs can include, for example, the value of supervisory time that the host agency provides for participants. Other examples of in-kinds costs are donated or discounted professional services, space charges, meeting space, telephone and transportation.

The total estimated amount of funds for this twelve-month subgrant is below.

	<b>July 1, 2022 – June 30, 2023</b>
	49 authorized positions
PWFB	\$ 385,755
OPC	\$ 40,575
ADM	\$ 18,154
<b>Total Federal</b>	<b>\$ 417,484</b>
Non-Federal	\$ 53,701
<b>Total</b>	<b>\$ 471,185</b>

## V. TARGET POPULATION

The following information describes key aspects of the program. For more in-depth understanding, please join the scheduled Bidders' Webinar (see Section XII of this RFP for more information) and refer to the resources listed in Section XIV of this RFP.

**Eligible Participant.** An individual is eligible for SCSEP if he or she is not employed at the time of enrollment, is age 55 or older, has not previously participated in SCSEP for 48 months, and has includable family income totaling no more than 125 percent of the Federal poverty guidelines.

**Priority of Service for Individuals with Multiple Barriers to Employment.** SCSEP provides priority of service to those most-in-need as provided at 20 CFR 641.520. These individuals:

- Are veterans (or eligible spouses of veterans) for purposes of §2a of the Jobs for Veterans Act, 39 U.S.C. 4215(a)
- Are age 65 or older;
- Have a disability;
- Have limited English proficiency;
- Have low literacy skills;
- Reside in a rural area;
- Have low employment prospects;
- Have failed to find employment after using services provided through the American Job Center delivery system;
- Formerly incarcerated within the last 5 years or are under supervision following release from incarceration with the last 5 years; or
- Are homeless or at risk of homelessness.

**Individual Employment Plans (IEP).** Subgrantees assess each SCSEP participant to determine his or her skills and employment-related needs and develop a plan to improve the participant's employability. The initial IEP includes an appropriate unsubsidized employment goal for each participant. The subgrantee must then provide or arrange for training and other supportive services identified in participants' IEPs that are consistent with SCSEP's goal of unsubsidized employment. (Other employment and training programs sometimes refer to this type of plan as an Individual Development Plan or Individual Training Plan). The subgrantee monitors the participant's IEP progress regularly and completes a reassessment for each participant at least twice during a 12-month period and updates the IEP as necessary but at least twice a year. If the subgrantee determines that the initial goal of unsubsidized employment is not feasible, the subgrantee reviews the IEP to reflect other approaches, including transitioning to other services or programs, to help the participant achieve maximum self-sufficiency and an enhanced quality of life after SCSEP participation has ended.

**Unsubsidized Employment.** An important goal of the program is to help participants achieve self-sufficiency when they exit the program. For participants whose IEP includes a goal of unsubsidized employment, subgrantees provide training opportunities that enable participants to obtain such employment. In addition, subgrantees provide regular follow-up communication, for up to 18 months after exit, with former participants and employers to

---

ensure that the person retains the job. Quality training efforts, appropriate placements, and good relationships between the subgrantee and the local employer community increase the likelihood of successful unsubsidized employment and job retention for SCSEP exiters.

**Community Service Assignments.** Providing subsidized work through paid community service is the core feature of the SCSEP service delivery model. The training must be provided by a public agency or 501 (c)(3) non-profit organization that meets the requirements of a host agency. Participants earn wages and develop the confidence and skills needed for successful employment; the organizations that host the participants benefit from the participants' work. Community service may include but is not limited to activities such as social, health, welfare and educational services; weatherization efforts; and economic development. The training provided at these host agencies must be consistent with the participant's assessment and IEP.

**Host Agencies.** Host agencies provide supervision, training, and work sites for SCSEP participants and may be public agencies or 501 (c)(3) non-profit organizations. Host agencies provide training and work experience for participants. Subgrantees also work with host agencies to identify appropriate training that does not lead to maintenance of effort violations.

**Maintenance of Effort.** A community service assignment for a SCSEP participant is permissible only when specific maintenance of effort requirements are met. Each subgrantee must not reduce the number of employment opportunities; displace currently employed workers; impair existing contracts or result in the substitution of Federal funds for other funds in connection with work that would otherwise be performed; or employ a SCSEP participant to perform the same work or substantially the same work as that performed by any other individual who is on layoff.

**Other Permissible Training.** Subgrantees can provide other types of training in addition to work-based community service training. This additional training is tailored to each participant and may include classroom training or general skills training. With prior approval from the Center, training can also include specialized training and on-the-job experience training.

**Coordination with American Job Centers, State and Local Workforce Investment Boards, Area Agencies on Aging, Other SCSEP Providers.** As a required partner, all SCSEP subgrantees must coordinate activities with local American Job Centers (Job Centers) administered by Local Workforce Investment Boards under the Workforce Innovation and Opportunity Act through a Memorandum of Understanding (MOU). Subgrantees also coordinate with other SCSEP providers and area agencies on aging to ensure seamless support to help participants achieve self-sufficiency.

  11. **Achieve 86 ACSI score on Employer Satisfaction on Employer Survey**

In addition, the Secretary of Labor may set additional performance indicators, which if done, the Center will require of all its subgrantees. There are currently no additional performance indicators for SCSEP.

## **VII. ELIGIBILITY & MINIMUM QUALIFICATIONS FOR RESPONDING ORGANIZATIONS**

Any 501(c)(3) non-profit or government agency that can meet the goals, standards, and policies of the Center for providing SCSEP services to eligible persons 55 years of age and over, as described in this RFP, is eligible to apply. The Center discourages any 501(c)(3) non-profit or government agency from applying that intends to subcontract this SCSEP subgrant to another agency to provide services.

Applicants must be able to serve both counties in this RFP.
